### Utility Class

New this year, CHB is proud to introduce the Utility Class to the Annual CHB Fall Show! The purpose of this class is to showcase birds that exhibit exceptional productive traits, and exemplify the statement ‘standard type is productive type.’

This class is open to all large chickens, ducks, geese and turkeys. All birds entered should be good representatives of their breed and be free from disqualifications as laid out in the APA Standard of Perfection. No hybrid birds will be accepted. Breeds will be judged on the productive characteristics for which their breed is known. Eg, Leghorns will be judged on egg laying capacity, Cornish on meat production and Plymouth Rocks on a combination of the two.

This class is open to all exhibitors, and will run parallel to the open and junior shows. All birds entered in the utility class must also be entered in the open or junior show. There will be cash prizes for champion and reserve utility birds! State “Utility” as the class on the entry form. An additional entry fee of \$4.00 per bird will apply.
